

WELCOME TO THE GIGGING-4-LIVING PROJECT!

The main objective of this project is to create content that serves as a basis for artists. The artists are from the most diverse areas such as music, dance, and representation. These are people who have seen their lives completely stagnant, without work, without new projects due to the COVID-19 pandemic.

In this sense, Gigging-4-Living is developing tools so that it is possible to turn over and emerge victorious from this situation, which shook all their dreams and projects.

Following this event, we held a hybrid meeting, organised by our partner in Denmark on 18 November 2021.
