GIGGING 4 LIVING

WELCOME
TO THE 3RD NEWSLETTER OF THE GIGGING-4-LIVING PROJECT!

We have already completed 18 months of the project and we want to bring you up to date with all the latest news and updated from our project team!

OUR WORK SO FAR!

The partners are very motivated and proud of the work developed so far! In the next six months of the project, we will be finalising the work on our EduZines and Infographics and launching national piloting activities to test the education materials we have developed with dancers, actors, and musicians in our countries.

To prepare for this final 6 months in the project, Gigging-4-Living partners have worked over the summer months and into autumn to finalise the EduZines and Infographics in English. These materials are now being uploaded to the project MOOC for testing with dancers, actors, and musicians in each partner country.

At the same time, partners from Portugal, Denmark, Spain, Czech Republic, Germany, and Cyprus are translating these educational materials in their national languages, to support the piloting of these resources with performing artists in their countries!

TRANSNATIONAL TRAINING IN MALTA!

From **17th until 21st October 2022**, 21 performing artists – dancers, actors, and musicians – participated in transnational training in Malta.

Hosted by the Malta College of Arts Science and Technology (MCAST), these artists took part in workshops to test the educational materials and to share their experiences of being performing artists in the digital age. To support this, performing artists took part in a workshop on social media skills, and then collaborated to produce a short video to capture how they feel practicing their craft in the digital world. This was a very engaging and worthwhile training event.

GET INVOLVED!

To gain access to our Gigging-4-Living training materials for dancers, actors and musicians, or to learn more about our local training plans, please visit: https://www.giggin4livingmooc.eu/ and contact your local partner today!
