## TO THE FOURTH AND FINAL NEWSLETTER OF THE GIGGING-4-LIVING PROJECT!

With this newsletter, we are sad to announce that this project has come to an end, but don't worry – all of our educational materials are still available for you to use through our MOOC: [www.gigging4livingmooc.eu](http://www.gigging4livingmooc.eu)

## GIGGING-4-LIVING: A MOMENT TO REFLECT...

Now that the project has come to an end, it is time for us all to reflect on our work so far. The project team are so proud of the work we have all undertaken in this project! In the last six months of the project, we have finalised the translation and design of our EduZines and Infographics and all partners have been active in delivering training and animation events in each country to promote these innovative resources with adult educators and performing artists - dancers, actors, and musicians - in our countries.

In the final phase of the project, resources in all languages, have been made available by the project team through the MOOC platform: [www.gigging4livingmooc.eu](http://www.gigging4livingmooc.eu).

These education materials are all available in English, Portuguese, Spanish, Danish, German, Greek and Czech, and will remain there for you to view and use until 2028!

During this time, partners from Ireland, Malta, Portugal, Denmark, Spain, Czech Republic, Germany, and Cyprus have also organised their final promotional events to disseminate the resources developed with performing artists in their country! These events gave all project partners the chance to showcase the work that we have done, and to gain valuable feedback from performing artists in each country – and from their feedback, we have learned that our resources are engaging, appropriate and effective in supporting their learning goals on the topics of business development and self-care!

# TRANSNATIONAL PROJECT MEETING IN IRELAND!

On 25th January 2023, the whole team of the Gigging-4-Living project gathered in Ireland for the last face-to-face meeting of this project, with some team members joining us online also.

Hosted by Future in Perspective (FIP), the partners met to discuss the last steps to be taken in the final phase of the project. The meeting was in hybrid mode, but very productive and enlightening, as partners shared their experiences of developing and delivering the Gigging-4-Living project.

It was an important meeting to keep us focused until the end and to achieve the best possible results. The partners are happy with the results achieved to date and believe in the importance of this project for performing arts artists!
